

# MYOB AccountRight Plus v19

**The smarter way to manage your payroll and accounting requirements.**

AccountRight Plus, formerly MYOB Accounting Plus, is accounting, payroll and time billing software from Australia's leading accounting software provider.

## Get started fast

Be up and running in minutes with the Easy Setup Assistant. Start recording transactions without knowledge of accounting concepts and principles. Quickly learn how to process transactions or tasks with the in-built step-by-step guide.

## Manage employee payroll

Easily process weekly, fortnightly or monthly pay runs and email pay slips to staff. Import timesheets to produce a pay run and preview employee pays before processing.

Quickly generate reports on PAYG withholdings, superannuation, leave deductions, allowances and bonuses.

## Bill by time

Track the details of each job, including non-hourly services and expenses. Know exactly how profitable each job is and every task performed.

## Calculate GST and prepare BAS easily

AccountRight Plus enables you to efficiently process your accounting and BAS requirements and easily manage State payroll tax.

## Quickly report on sales, profit and more

The Business Insights Dashboard shows how your business is performing at a glance.

## Easy inventory management

Print pricelists and packing slips and import items from Microsoft Excel. Buy and sell in different units and automatically back-order and buy stock. Record detailed inventory descriptions, including images.

Know exactly what's in stock and on order. Email sales, purchases and remittance advices to customers and suppliers. Easily reconcile inventory balances at any time.

## Manage jobs, customers and suppliers

Easily provide your suppliers with itemised remittance advices and customers with quotes, invoices and statements.

Monitor what is owed to suppliers and when payments are due.

## Transaction management

Pinpoint transaction details with ease. View transactions by account number and tax code to assist with reconciliation. Set specific Lock Periods by date to perform reconciliations weekly.

## Access contact information instantly

Store and search all contact information within the Card File. Import and export contact logs and customer lists. Synchronise Card File with Microsoft Outlook.

## Streamline your business with MYOB
